

**YOUR RELIABLE
PARTNER IN
SPAIN**

**Training for students and teachers,
internships, job shadowing, etc.**

WHO WILL YOU TRUST?

Hiperactivity is a vocational training center, accredited by the **Junta de Andalucía**, certified according to **ISO 9001:2015 and ISO 14001:2015** standards and certified with the **"100% Green Energy"** seal.

Hiperactivity receives every year, in the area between Malaga and Torremolinos, **groups of students for internships in companies and groups of teachers/educators for job shadowing activities and training courses.**

Most of the participants benefit from scholarships obtained through the Erasmus+ program or the European Social Fund to practically complete their professional or university training in a specialized field.

In 2022 we have received more than **200 beneficiaries among students and teachers**, in addition to being a partner in two strategic partnership projects and coordinator of a **strategic partnership** project focused on professional and career guidance.

VISION AND VALUES

We coordinate mobility programs in Málaga and Torremolinos with the aim that foreign participants who come to our cities acquire linguistic and professional skills that enhance their CV.

On a personal level, we also seek to ensure that the interns are fully integrated and enjoy a different culture.

We design each program individually, taking into account the needs of the beneficiaries (universities, schools, and public and private institutions) and the expectations of each of the participants, whether they are students or people in the process of finding employment.

We want to support companies in the search for new professionals who can become the basis and important piece of their work team. **We trust in our young people** and believe that with the right opportunities and guidance they can add value to companies.

SERVICIOS

Project organization:

Short mobility (1-30 days): 300,00 €.

Long mobility (more than 30 days): 450,00 €.

We provide the sending organization with the necessary staff to plan and schedule the mobility.

We conduct an intercultural training workshop to prepare for mobility, with a minimum duration of 5 hours spread over one or two days in proportion to the number of participants.

We support the sending organization in the elaboration of the necessary documentation: learning agreement, quality commitment, internship registration, europass, etc.

The tutor assigned to the project will provide constant assistance 7 days a week to best manage the participants' stay.

We have the availability of apartments in the center of Torremolinos fully equipped near stores, supermarkets, restaurants, pharmacies, public transport and medical center.

We organize and manage leisure and cultural visits, according to the needs and interests of the participants: historical center of Malaga, museums, botanical gardens, zoological park, guided excursions to Cordoba, Granada, Seville, Gibraltar, Marbella and Puerto Banús.

COMPANY INTERNSHIP

As a host partner of Internships, Hiperactivity, in most cases, offers both accommodation and internships in the same town of Torremolinos, where we have more than 100 companies from various sectors:

- Administration
- Advertising graphics and marketing
- Commerce
- Hospitality
- Catering
- Tourism
- Animal Care
- Health and Wellness
- Care for people in a situation of dependency
- Non-Governmental Organization
- Training

ABOUT TORREMOLINOS

Torremolinos is a tourist town bathed by the waters of the Mediterranean, on the Spanish Costa del Sol.

It is known for its sandy beaches, such as El Bajondillo and La Carihuela. San Miguel street is the nerve center of nightlife, restaurants and shopping. Away from the beaches and skyscraper hotels, there are several golf courses, amusement parks and places where you can breathe the most traditional Andalusian culture.

THANK YOU FOR YOUR ATTENTION
