

Your reliable mobility partner

Hiperactivity is a training center, accredited by the "Junta de Andalucía" and certified according to ISO 9001:2015 and ISO 14001:2015 standards, based in Torremolinos (Málaga).

European department

Through its European department, Hiperactivity organises and manages internships for students participating in mobility programmes in foreign countries, such as Erasmus+, and organises study visits for foreign teachers or employers. Hiperactivity receives each year - in the area between Malaga and Torremolinos - both groups of students for internships in Spanish companies and groups of teachers/educators for job shadowing activities and training courses. Most of the participants benefit from scholarships obtained through the Erasmus+ programme or the European Social Fund to practically complete their vocational or university training in a specialised field.

In the year 2022, Hiperactivity had the privilege of working with around 200 participants from different European countries.

Our courses

In addition to the European department, Hiperactivity also has a Training department, which offers nationally accredited courses for workers and the unemployed. Currently, our training catalog has 20 certificates of professionalism and 81 training courses registered in the Junta de Andalucía's training specialties catalog, covering almost all professional families.

About us

Our office is located in Torremolinos, a magnificent enclave just 10 minutes from the airport and 15 minutes from the city of Málaga.

Torremolinos has a population of around 70,000 inhabitants and a climate that varies between 18 and 30 degrees in the summer months and between 8 and 17 degrees in the winter months.

It has fantastic beaches such as Los Álamos, El Bajondillo or La Carihuela, with a great variety of leisure facilities, beautiful monuments such as the Casa de los Navajas or the Plaza del Lido, green areas and parks such as the Parque de la Batería or the Molino Batán,

On the other hand, Torremolinos has an annual agenda with numerous cultural and entertainment events, including La Feria de San Miguel and the International Jazz Day Torremolinos festival. It also has a Congress Centre, built in 1970, which hosts a large number of musical, gastronomic, cultural, social and commercial events and conferences each year.

All this, together with the friendly and hospitable character of the locals, makes Torremolinos one of the main tourist destinations both nationally and internationally.

Location

Prior consultation

We provide the sending organisation with the necessary staff to plan and schedule the mobility. At this stage, we will carry out zoom meetings with both the organisation and the project beneficiaries in order to plan the stay in the best possible way.

Intercultural preparation

We conduct an intercultural training workshop in preparation for mobility, with a minimum duration of 5 hours spread over one or two days in proportion to the number of participants.

Documentation

At the end of the programme, Hiperactivity will issue a placement certificate, and will actively cooperate with the sending organisation to issue the Europass certificate and prepare a final report containing all the information on the project (companies where the candidates carried out the placements, professional visits, evaluations, pictures, etc.).

Tutoring and monitoring

The tutor assigned to the project will provide constant assistance 7 days a week in order to manage the participants' stay as well as possible.

Project organisation:

- Short-mobility (1-30 days): 300,00 €
- Long-mobility (more than 30 days): 450,00 €

Including Transfer to and from Malaga airport

Services

Transfer from/to the airport

We organise transfers by private bus or taxi on arrival and departure of participants.

Local transport

Weekly or monthly passes for local transport (bus and train) can be purchased.

Cultural activities

At Hiperactivity we organise and manage leisure and cultural visits, according to the needs and interests of the participants. We also offer a service of accompaniment by our staff, in the case of minors or when the group is not accompanied by their travel tutor.

Some of the excursions that Hiperactivity has organised are: Granada, Cordoba, Ronda, Gibraltar, Camino del Rey, as well as cultural activities such as guided visits to the city of Malaga and its monuments, the Museum of Imagination and much more to discover...

Services

Accommodation

We provide flats shared with people from the same mobility project in the centre of Torremolinos.

They are individual or shared rooms with people of the same sex, bathroom, kitchen and living room.

The flats have all kinds of services nearby: all kinds of shops, supermarkets, restaurants, pharmacies, public transport and a medical centre.
